BEGINNER + ADVANCED CLASSES

photography + graphic design

Camp Pixel Project is a graphic design + photography camp, located in The Woodlands, Texas. It is the brainchild of Jennifer West Pickard (a professional graphic designer) and Tracy Robinson (a professional photographer). They noticed that there are hundreds of camps and teams available for athletic children but a real lack of activities for "artsy" children that went beyond what was offered in school. Camp Pixel Project was born out of a need to fulfill that gap. Many of last summer's campers (and parents) expressed that this was the best camp they had ever been to. Visit WWW.CAMPPIXELPROJECT.COM to learn more or read camper testimonials.

"Camp Pixel really helped me realize my potential in photography and graphic design. My experience at Camp Pixel is something I will refer to for a long time. This was honestly the highlight of my summer." ~Jasmine ~age 14
